## Acknowledgements

CEMO wishes to thank the Liberty Hill Foundation, the CEMC Commissioners, and the CELA Design Committee for their contributions and insights in the development of Part II of the Climate Equity LA Series. We especially want to express a special thanks to the LEAP LA Coalition, who have been our community anchors in grounding this work in the needs of stakeholders across LA. We also want to thank all of our allies and the City family who supported our Climate Equity LA Series.

### Lifting Social, Physical, Equitable & Community-Led Climate Resilience Solutions

(April 7, 14, and 21, 6:00-8:00pm)

#### Climate Equity LA Series Goals:

1. Innovate stakeholder engagement and provide an understanding of proposed city energy/climate policies for community members, CBOs, and other stakeholders so that they can make informed decisions and recommendations to the City and the Climate Emergency Mobilization Commission.
2. Share pertinent information from city/community/academic/other experts on key issues/gaps to address proposed climate policies.
3. Produce findings and recommendations to the Climate Emergency Mobilization Commission which will advise the Mayor, City Council, and relevant City agencies.

## Virtual Workshop Series

Equitable and Community-Driven Climate Resilience in L.A.

**REGISTER HERE FOR PART 2:** [bit.ly/CEMOapr2022](https://bit.ly/CEMOapr2022)

**APRIL 7, 14, AND 21, 2022, 6:00-8:00 P.M.**

Join us for the above three dates in April to reflect on community-driven policy considerations, frameworks, and resources required for addressing climate hazards and risks in Los Angeles. In Part 2 of the Climate Equity LA Series, we will weave in the Social, Physical, and Institutional practices and challenges that we must face. We will share how social networks and community wisdom should drive climate resilience investments. This will be included in our reports to the Climate Emergency Mobilization Commission and City Council.
